Ok, let's focus on the spine flower amendment and Soquel right now. Once we make progress there, we can turn back to Peterson performance standards.

Sorry for the delayed reply!

I think it would be good for us to meet as IRT-only for discussing performance issues, and we could always follow up afterwards with WRA if we need to. Marlene indicated to me their Spineflower amendment is top priority (with newly scheduled bi-weekly meetings); so not sure if we wanted to schedule something like this a little further out or not?

Subject: [URL Verdict: Neutral][Non-DoD Source] RE: Petersen Ranch IRT Meeting - RESCHEDULED

Hi Everyone,

At the end of the Peterson Ranch meeting today I offered to reach out to everyone about an IRT meeting to discuss each of the areas having issues meeting performance standards. WRA presented several suggestions for how to proceed and I think it would be good if we could discuss each area in terms of whether performance standards are being met, credits should be released, performance standards need revision, and/or if adaptive management is needed. I'm not sure if this would be best as an IRT only meeting, or if we'd like to have WRA there to answer questions. I also asked Marlene to prioritize the actions in front of us for Peterson and Soquel. I believe this discussion and decision on credit release/performance standards is less critical for them than the Spine Flower Amendment and Soquel performance standards amendment/credit release.

So, my questions for you all are-

- 1) Do we want to schedule a meeting to talk through the performance standards issues at Peterson?
- 2) If we do want a meeting, do we want it to be IRT only or with WRA?
- 3) When would be a good time to have this meeting given the other Peterson and Soquel items on the to do list?

Thanks,
Melissa
